# WHY STUDY IN CANADA ?

Canada plays host to more than 180,000 International students in any given year. Increasingly, Canada is becoming the country of choice for students from all parts of the world.

## QUALITY EDUCATION

Canada spends more per capita on its education system than any other country in the Organization for Economic Cooperation and Development (OECD). A Degree/Diploma from a Canadian Institute is recognized world wide. International students who graduate from Canadian Institutions enjoy successful and prosperous careers. About 10% of Canadian universities rank among the top 200 universities of the world. Canada is known for its quality education & competitive entry requirements. The number of foreign students who went to Canada grew by 8% (1.2 million) resulting in the highest number of foreign students ever admitted.

## INEXPENSIVE

Canadian Institutes, charge lower tuition fees for international students than their counterparts in competing countries and at the same time, maintain excellent educational quality. However, as the fees are more affordable, admissions are more competitive. Over the last three years, Canada's inflation rate has remained one of the lowest in the industrialized world.

## PERMANENT RESIDENCY AND CANADIAN IMMIGRATION

International students can apply for their Permanent Residency which takes up to 15 to 18 months from within Canada. However they need to meet the minimum eligibility criteria of 67 Points.

## RANKED AS THE NUMBER ONE COUNTRY

For the past 9 consecutive years, a United Nations survey has found Canada to be the best place in the world to live. The survey conducted every year, evaluates quality of life in 174 countries, using over 200 performance indicators. Canada ranked 1st for "Best Quality of Life for International Students" by the US news best countries ranking (2018). Canada earns particularly high marks for its access to education, high life expectancy and low crime rates.

## A SAFE PLACE TO STUDY

Every step is taken to ensure the safety of students on Canada's campuses. Most universities / colleges have their own campus security 24 hours a day. There are also "Walk Safe" programmes to assist people in getting to public transportation during late hours.

## A BILINGUAL NATION

Canada is a bilingual country with two official languages, English and French. The vast majority (75%) of Canada's French-speaking inhabitants live in the province of Quebec, which is located in the eastern part of the country but there are French-speaking communities throughout the country. English is the main language of communication in all provinces other than Quebec.

## WORK DURING AND AFTER AND CO-OP PROGRAMME

Full time students are eligible to work off campus without a work permit upto 20 hours per week & full time during vacation. Several programs may even have a paid co-op term where one gets hands on experience working in the industry. These may even be paid co-ops. Further students on the completion of their program can work upto 3 years depending on the length of their study program.

## IMMIGRATION

Canada welcomes over 3 lac immigrants per year. International students with Canadian Credentials and Canadian work experience may apply for permanent residency without having to leave Canada. For more information about the possibility of Immigration to Canada please visit the Citizenship Immigration Canada website.

# CANADIAN EDUCATION SYSTEM

Education in Canada is under the complete jurisdiction of the provinces and territories (States) and as such, there is no Federal (Central) Education System in Canada. In keeping with the national commitment to education, public education in Canada is free up to and including secondary school (12<sup>th</sup> Std), in all the provinces. At the post-secondary level, institutions are divided into community colleges and universities. A significant number of university graduates attend college upon completion of their degree in order to acquire vocational skills for employment.

## INSTITUTIONS

The degrees & diplomas from Canadian Institutions are among the most widely recognized in the world. The education system in Canada encompasses both public funded & private institutions. Students have a diverse choice of 100 Universities & 213 Community Colleges offering a wide array of programmes.

Post secondary education is offered by Three types of educational institutions:

**Technical/ Career/ Private Colleges :** These are privately owned and operated with the main objective of preparing students for the job market after a short period of instruction. The emphasis at career colleges is on practical skills over a broad range of programs. Post Study Work (PSW) option is not available. You must check the PSW eligibility thru this link : <https://www.canada.ca/en/immigration-refugees-citizenship/services/study-canada/study-permit/prepare/designated-learning-institutions-list.html>

Eg : Vanier College, Toronto School of Management, Institut Supérieur D'Informatique, etc.

**Community Colleges & Technical Institutes :** They typically have more career oriented, practical/ technical related curricula, small classes, off-campus course offerings, a greater ratio of laboratory space to class room space, and an interactive teaching style. These are government owned and managed institutions. PSW is available upto 3 years depending on program list.

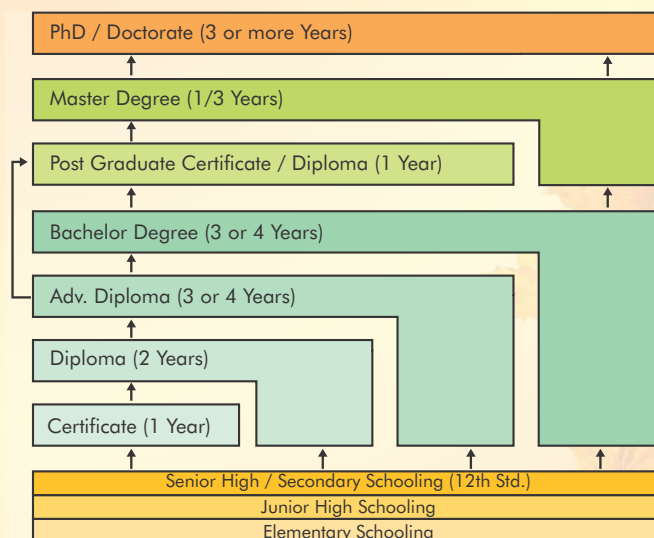

Eg : Centennial College, Humber College, Douglas College, George Brown College, Georgian College, etc.

**Universities :** Canadian Universities are largely public funded and as a result, offer consistently high quality education at lower tuition rates for International students than their counterparts in competing countries. They offer a broad range of courses and degrees from Undergraduate to Doctorate and certificate and professional degrees as well. Class sizes in universities are generally large. PSW is available upto 3 years.

Eg : Vancouver Island University, Brock University, University of Windsor, University of Alberta, etc.

## TYPES OF CERTIFICATION

- **Certificate :** Is a qualification awarded upon successful completion of a programme which is usually one year in length.
- **Diploma :** Is a qualification awarded on the basis of one or two year's of successful study.
- **Advanced Diploma :** Is a 3 years program some of which may lead to a Bachelors Degree.
- **Bachelors Degrees :** Are awarded by Universities/ University Colleges/ Community Colleges after four years of full-time study and lead to graduate level studies.
- **Post Graduate Diplomas/Certificates :** It is a specialised applied course of 8-12 months leading to a certificate / Diploma. It is preferred by students instead of a Masters. These programs have work terms which provide full-time opportunities to gain practical experience along with theoretical studies. A typical co-op term lasts 12 to 17 weeks. The prerequisite to participate in these programs is a Bachelors Degree of 3 or 4 years duration.
- **Masters Degree :** It is an option for Bachelors Degree Students, Graduates who have an interest in further learning and research, and for those who want to broaden their career possibilities. It is for 2 yrs duration and can be pursued after a 4 yrs Bachelors or a 3yrs Bachelors & a 1 year Post Graduate Diploma from Canada.
- **Doctorate or PhD :** Is a degree ranking above the Masters Degree and generally requires four to seven years to complete.

Very few institutes might have the May intake as well.

## TUITION FEES FOR THE COURSE

Programs	Tuition Fees (Approx.)/Per Year	In Indian ₹ Per Year (C\$1 = ₹ 61/-)
Diploma & Certificate Program	C\$ 15,000 to \$ 20,000	₹ 9,15,000 - ₹ 12,20,000
Bachelors Program	C\$ 15,000 to \$ 30,000	₹ 9,15,000 - ₹ 18,30,000
Masters Program	C\$ 18,000 to \$ 35,000	₹ 10,98,000 - ₹ 21,35,000

## SCHOLARSHIP

There are limited scholarships available in Canada but they rarely cover the full cost of a study program and they are not always easy to find. Scholarships are available to International students with exceptional results at some Canadian institutions. The amount awarded varies from one institution to another and usually covers only part of a student's education and living expenses. Obtaining a scholarship is very competitive and applications must be made directly to each university along with the application for admission. Community and Career Colleges do not usually award scholarships nor do school boards or most private schools.

## CO-OPERATIVE WORK TERM

Co-op is a work term provided as part and parcel of the course curriculum. It provides an excellent opportunity to students to gain first hand practical experience related to the field of specialization. Students can gain on-the-job experience while continuing to study. Co-op provides full time opportunities that last for 12 to 17 weeks.

Co-Operative work programmes, combine courses in many subjects with relevant work, giving students an invaluable head start to their careers. This assists International students in connecting with the Canadian job market and developing a network with Canadian companies.

## WORK DURING STUDIES

International students are allowed to work up to 20 hours per week off - campus during term time and 40 hrs per week in their vacation. They can earn approximately C\$15-C\$20 per hour. Students can work full - time off campus during co-op terms, amounting to between C\$ 700 to C\$ 900 per month.

## TYPES OF ACCOMODATION

Most of the educational institutions in Canada will assist you in finding accommodation while studying in Canada. Accommodations are of two types i.e students can stay On campus (Residence/ Dormitory) or Off campus (Homestay/Apartments/Flats). Staying Off campus is much cheaper than staying On Campus. Its always advisable that the student should stay On campus for the first six months.

## LIVING EXPENSES

Types of Accomodation	Living cost & expenses (Approx.)/ Per Month	In Indian ₹ Per Month (C\$1=₹ 61/-)
Residence/Dormitory	C\$500 - \$1000 per month	₹ 30,500/- - ₹ 61,000/-

Homestay	C\$400 - \$800 per month	₹ 24,400/- - ₹ 48,800/-

## CANADIAN STUDENT VISA

All overseas students are required to obtain a Student Authorization and Visa before going to Canada for studies. Students must also meet the requirements of the Canadian Immigration Act and Regulations. Under normal circumstances, allow at least 4-6 weeks for your visa to be processed. Students are not allowed to obtain an authorization after their arrival in Canada. The application should be submitted well in advance of the planned date of departure to ensure that the processing of the application can be completed on time.

Submit the completed application kit to the immigration section of the Canadian High commission. Kindly note that all documents submitted, must be photocopies. One can also apply for a Study permit online.

### Visa Process

- Visa Application Form
- Official Acceptance letter from Canadian College/Universities
- Family Information Form
- Financial Documents
- Proof of English Proficiency Test
- Others - Education loan, Bank Statement, IT Returns.
- Medicals
- Fee receipts
- GIC (Optional)

### Visa Interview

An interview with a Canadian Visa Officer may be required, for very rare or exceptional cases. If this is the case then you will be advised in writing about the interview.

### Medical Examination

The Canadian high commission will issue medical instructions. Students and accompanying dependants must pass a medical examination. If the student and accompanying dependants are found to be in good health and there are no other concerns with the application, the Visa and Student Authorization will be issued.

## EMPLOYMENT

International students graduating from a program of 2 years or more in length may be eligible for a upto 3 year work permit after graduation with no restrictions on the types of employment and no requirement for a job offer. The experience gained would provide them an opportunity to work in an international setting and at the same time allow them to earn the money invested.

## INDUSTRIES

Canada is an international leader in Java, computers, networking, wireless communications. Insulin, flat-screen technology are some of the leading inventions originated in Canada. It has a reputation of excellence in sectors such as telecommunications, transportation, engineering, micro electronics, hydroelectric power, biotechnology, food & beverage processing, geomatics, ocean & environmental industries, aerospace etc. Some top Canadian companies recognized worldwide are Black Berry, IMAX, McCain, Mac cosmetics, Corel etc. The Gourmand Report ranked 18 of North America's top 40 Electrical Engineering Faculties in Canada. ## FREQUENTLY ASKED QUESTION

### Q. What is ICCRC membership?

A. The Immigration Consultants of Canada Regulatory Council (ICCRC) is a non-profit organization appointed by the Government of Canada to regulate the immigration consulting profession and safeguard consumer interests. Immigration consultants provide their services to individuals seeking help to navigate through immigration issues in Canada.

### Q. Is it mandatory for a student to apply through an ICCRC member?

A. NO. It is not mandatory for a student to apply for a student visa via an ICCRC member as per Bill C-35. Further as per IMM5476E (Use of Representative Form) it is clearly stated that one need not hire an immigration representative (ICCRC Member) and can be represented by any individual to conduct business on his/her behalf with Citizenship and Immigration Canada and Canada Border Services Agency.

### Q. Why apply through Edwise?

A. Edwise is the authorized direct representative for colleges and universities in Canada. All services offered by Edwise are free. It is India's Leading Overseas Education Consultancy since 33 years with 24 offices across India.

### Q. What is the difference between a University and a College?

A. Universities are educational institutions attended after at least 12 years of school, or after secondary school, for studies leading to a degree and research. All Canadian Universities offer four year bachelors degree programs; most offer one to two years master's degree and a number also offer doctoral or PhD programs. Bachelors Degrees can be granted by Universities, some colleges and some Institutes in Canada. Community colleges are two-year institutions that offer technical or vocational courses, or courses for transfer to a university, leading to a certificate or diploma. These colleges do not generally offer degree programs.

### Q. Can I study and work part-time to help finance myself in Canada?

A. Yes, you can in certain circumstances. However, when applying for a student authorization you must be able to prove to the visa officer that you have enough finances to support yourself for the entire length of your study program. International students can work off campus without work permit upto 20 hours per week during their studies and 40 hours per week during vacation. They can earn approximately C\$15- \$20 per hour. Students can work full time off campus during co-op terms and can earn approximately C\$15-\$20 per hour amounting to C\$ 1,200 to C\$ 1,500 per month. You are allowed to work in Canada for 1 to 3 years after completing your academic programme depending on the length of the program.

### Q. How much value would a Diploma hold ?

A. Colleges offers a wide variety of Career-oriented programs like Advance Diplomas/ Diplomas/ Certificates. These programs are specially designed to give students the opportunity to learn and develop many marketable skills in their preferred career. It emphasizes on the technical aspects providing hands-on experience and fundamentals of the program. These programs give the students a practical background that employers demand and helps them get jobs easily. It may often happen that students who have completed a vocational program may get better jobs/salaries than those who have studied in a University Degree Program.

### Q. Can I work after Graduation?

A. Students may work upto one year if they have completed a one year program and upto 2-3 years if they have completed 2 years or more program.
